Jim: We have received another notification of a site proposed for:

SW 1/4 Section 20, T28S, R24E, SLBM, San Juan County

There really isn't a notice, just a letter, drawing and map. I will fax the map to you. No notice with it this time.

Could you please check the area location to check for archaeological concerns.

Thank you for your 10-day review turnaround.

Joelle
